

STONHARD

FLOOR SYSTEMS

Safe. Clean. Durable. Attractive. Stonhard floors bring a new sense of class to the educational environment. With over 80 years of experience and thousands of finished projects worldwide each year, we are the leader in seamless

polymer flooring. For us, safe, clean and durable are just the beginning. Our floor systems also provide exceptional value and low life-cycle costs – all in an endless variety of colors, styles and textures. From service and support

areas, to atriums and auditoriums, to classrooms and laboratories, Stonhard floors offer a distinct change from the institutional look of the past.

Available in an assortment of long-lasting formulations, Stonhard floors are the right choice for a wide variety of educational applications, including:

- | | |
|---|----------------------------------|
| Classrooms | Laboratories |
| Hallways | Nurses' Offices |
| Cafeterias & Kitchens | Media Centers |
| Locker Rooms | Mechanical Rooms |
| Entryways | Restrooms |

Knowledge and Experience

Professionalism and Performance

To ensure that each floor system and installation meets our rigorous standards, we directly employ over 300 experienced project engineers and 200 expertly trained installation crews worldwide. Whether you're building or renovating an educational facility in the U.S. or abroad, when you contract with Stonhard you're ensured the finest workmanship and the highest level of professionalism.

Individualized Approach

For Stonhard, there is no one set formula – every floor is a custom project. This allows design professionals to introduce a newfound level of character and sophistication into hallways, classrooms, entryways and more. At Stonhard, this flexibility extends far beyond design – directly onto the job site. Our project engineers and installation crews are responsive to crucial scheduling, maintenance and budget issues. We are able to work with your whole project team. This approach assures that our clients always enjoy maximum quality and efficiency.

Market Awareness

We are sensitive to the unique demands of the educational industry. Often, timing is a primary priority. Our fast-cure, low-odor floor systems install and set rapidly, without affecting maintenance schedules or interfering with daily operations. Our seamless, monolithic systems prevent the intrusion of moisture, eliminating a primary source of mold. Our next-generation resilient terrazzo significantly reduces distracting noise, even in high-traffic areas such as hallways and corridors. A smart, attractive choice, Stonhard floors are designed to deliver durability and a long lifespan, greatly reducing floor life-cycle costs.

Add value, aesthetics and durability to your project. Specify a Stonhard seamless polymer floor system.

Quality Floor Systems

Endless Design Possibilities

There's no way around it – aesthetics are just as important as performance. With Stonhard, the design possibilities are virtually unlimited. Our floors are available in a wide array of standard and custom colors, tweed blends and patterns. We can even create floors with inlays and patterns. The possibilities are endless.

Seamless Advantage

Pure and simple – seamless means cleaner. With seamless floors, there are no joints or cracks to trap dirt and bacteria. And, because our unique formulations require minimal maintenance and eliminate the cost and hassles associated with waxing, stripping and buffing.

Safety Factor

In an educational setting, safety is extremely important. And when it comes to floors, slips and falls shouldn't be a concern. Our floor systems can prevent accidents from happening. Stonhard floors are available in a variety of textured surfaces that keep students, faculty and visitors safe, even when wet or muddy.

Unrivalled Durability

Whether intended for a high-traffic corridor, cafeteria, classroom, kitchen or laboratory, our floor systems are specifically designed to provide exceptional performance. They are uniquely formulated to outlast traditional surfaces such as carpet, vinyl tile or sheet goods, providing exceptional value and low life-cycle cost. Our reputation depends on it.

CUSTOMER SATISFACTION FROM START TO FINISH

Stonhard is dedicated to complete customer satisfaction. We offer a single source warranty covering defects in materials and workmanship for a period of one full year from the date of installation. Our sales offices are located in principal cities throughout the world to assist you in product evaluation and material selection and to provide on-the-spot technical assistance.

The following literature and technical information is available upon request:

- Product Data Sheets
- Chemical Resistance Guides
- Installation Instructions
- Material Safety Data Sheets
