BRICK RED

\* Silver Gray and Cool Shale colors require two coats of Stonkote. Silver Gray and Cool Shale are not available in the Stonclad UT system. All samples shown are coated. Stonhard coatings include high-solids and solvent-based epoxies and urethanes. All coatings are available in the colors shown here in addition to Clear, Black and OSHA Safety Yellow. Urethane coatings are also available in White. Color matching available with additional lead time, minimum order requirements and a slight premium. Color reproductions are as accurate as modern photography and quality printing methods can produce. For actual color please request a sample, [www.stonhard.com](http://www.stonhard.com). © 2022 Stonhard

# STONCLAD UF

Serious, sanitary floor protection for food and beverage environments. Stonclad UF provides extraordinary performance under the most demanding conditions. Chemical, abrasion and impact-resistant systems assure durability and longevity. Specialized configurations meet the needs of temperature dependent environments. Diversity and performance for the most rigorous industrial applications along with smart design, custom colors and logos.
