

STONHARD

STONHARD'S EPOXY & URETHANE-BASED WATERPROOF DECKING & MEMBRANE SYSTEMS

STONGARD

AIRCRAFT HANGARS | MECHANICAL SPACES

PEDESTRIAN BRIDGES | BUS TERMINALS | PUMP MEZZANINES

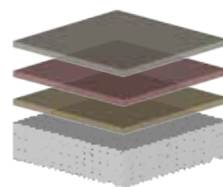

PARKING GARAGES | STADIUM CONCOURSES | SEATING AREAS

Slip, abrasion, and crack-resistant systems fill the niche for parking garages and mechanical equipment rooms by providing premiere traffic-bearing membranes and superior positive side waterproofing moisture protection. Stongard can improve safety in garages. Four superbly designed systems offer reliable defense with many options to meet specific demands.

PRIMARY FEATURES:

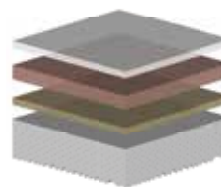

- High Strength
- High Traffic
- Abrasion Resistant
- Chemical Resistant
- High-Impact Resistant
- Wear Resistant
- Resilient
